HarvestNet Institute: 2009-2011 COURSE LIST

Sept 2009

Total MCM Degree or HarvestNet Certification Program Credit Hours: 52 – 53 credits

* A Certificate of Completion is awarded for the Anglican Studies, Marketplace Ministries and Church Planting Launch School programs, or an area of core concentration (e.g., counseling, pastoring, etc.).

* **COMPREHENSIVE EXAM:**

A comprehensive exam completes a student's Master's Degree program.

* **THESIS OPTION:**

A Thesis option is available for Certification Diploma students only.

[*SPECIAL Note* – the mastery model of learning is a unique approach of The Orlando Institute that utilizes the Comprehensive Exam to discover areas in which the student's grasp of material is weak or deficient in part. This means that the exam is not passed or failed in the normal sense; rather it is used as a diagnostic measure to help the student build a firm study of theological and ministry preparation. If soft areas are discovered through the exam, the student is mentored to a place of proficiency until mastery is achieved.]
