Message from the President

From its inception in 1991 The Orlando Institute was conceived as a prototype of a new type of theological education. The goal is to develop the leadership potential of men and women so they become great teachers, pastors, evangelists, and missionaries for Jesus Christ. We equip leaders to disciple the nations.

Our educational philosophy focuses on the development of two areas: personal character and readiness for ministry. Biblical, theological and ministry instruction serve those ends. An educational philosophy of "mastery learning" strongly reinforces this goal.

Our faculty are all men and women of high character and proven ministry ability, as well as holding high academic credentials. This catalog will inform you of the program. Time with the faculty, staff and students will show you our heart and vision.

Welcome to a new kind of education.

Dr. Steve Clinton

The Orlando Institute
President Steve Clinton
